

Vimoba 128:

One-Step Disinfectant/Cleaner

Vimoba 128 cleans by removing urine, fecal matter, blood, grime, dirt and other common soils found in animal housing facilities, grooming facilities, kennels, pet stores, veterinary clinics, laboratories or other small animal facilities.

Vimoba 128 is ideal for use in Veterinary Practices, Animal Care Facilities, Animal Laboratory Facilities, Zoos, Pet Shops and Kennels. Vimoba 128 is used for cleaning and disinfecting hard, nonporous surfaces: equipment used for animal food or water, utensils, cages, kennels, etc.

Vimoba 128 is perfect for disinfecting floors, walls, countertops, bathing areas, lavatories, tables, chairs, garbage pails and other hard, non-porous surfaces. Just one ounce of this product to one gallon of water creates a solution capable of eradicating a number of different micro-organisms (located on reverse).

EFFECTIVE

Effective against a variety of micro-organisms.

SIMPLE

Is a one-step disinfectant, virucide, fungicide and cleaner

COMPATIBLE

Works on a variety of surfaces for many different industries.

EFFICIENT

Requires only one ounce per gallon of water.
